Dear Mrs. Bushing:

At the library board meeting held Wednesday evening of this week, it was decided that the library would take care of the necessary wiring for putting in the second meter at your building in Le Claire. I am writing Mrs. Nielson to that effect today, too. I hope we'll be able to get someone to do it very soon.

Enclosed are rent claims for the station for the next six months for your signature and notarization. Please return them as soon as possible.

Yours very truly,

Dear Mrs. Nielson,

At the library board meeting held on Wednesday evening of this week, the matter of the separate meter for the library was discussed. It was decided that the library would take care of putting in the second meter. I will try to get it taken care of just as soon as I can.

I'm sorry I wasn't at home the other evening when you came out, but I did find your note when I got home. I will have Mrs. Stuff pay you double the usual monthly rate she has been paying. Surely the commercial rate is not more than double residential, is it? I can certainly understand your unhappiness at having to pay the commercial rate for living quarters. Did you tell me your bill for this month had gone up \$5.00? If that's what it was we'll take care of it.

Yours very truly,

Elizabeth B. Hage
